

What are the issues that excite you?

There is a new level of energy and support surrounding our movement. Together, we can take our work to the next level! Our focus is specifically on how these issues affect our students and their families as well as our communities and profession.

IEA activists are coming together to connect with other activists around issues such as collective bargaining, a voice in our professions, strong public schools, college affordability and social justice issues that affect the educational well being of our students.

Sign up and join the Action Network today!
